## Accessories

### *ESB-100 Slant Board/Writing table*

The ESB-100 is a light weight document holder and writing surface. A folkstone gray Arborite laminate provides a smooth, durable writing surface. Large rubber feet protect desk and ensure a movement free environment. The top book rest can be used in several different positions across the top ledge or removed altogether.

**Specifications:**

- Actual writing surface 23½" wide by 15" high. Unit is 4½" high
- Full Executech ten year warranty
- Tough powder coat finish Folkstone Gray.
- Constructed out of high strength Aluminum.
- By bringing the work a full 15 degrees closer to the user, the ESB-100 helps relieve neck and shoulder pain and allows the operator to get the necessary back support from his/her chair.

### *ECH-050/075 Plexi Copy Holder - Fixed*

The ECH-050 is a simple, practical copy holder at an economical price point. It allows the user to store and use a single piece of paper or large reams or thick binders at a sensible viewing angle and height.

**Specifications:**

- Comes in a clear plexi finish
- Model ECH-050 has a usable area is 9" wide x 12" high
- Model ECH-075 has a usable area is 18" wide x 12" high
- Support Lip is a full 2" on both models
- Comes packaged in a poly bag wrapped individually
- Shipping weight for ECH-050 is 2 lb.  
ECH-075 is 4 lb

### *ECH-100 Plexi Copy Holder - Adjustable*

The ECH-100 is a fully adjustable copy holder that can have the active viewing panel infinitely adjusted from flat to vertical instantly. The included roller moves freely when the angle needs adjusting and grips firmly at the desired setting. When not in use, the ECH-100 folds up into a convenient small package for easy storage. Since it is clear plexi, it does not obstruct viewing other materials on your desk.

**Specifications:**

- Comes in a clear plexi finish
- Model ECH-100 has a usable area is 12" wide x 9" high
- Support Lip is a full 1"
- Comes packaged in a poly bag wrapped individually
- Shipping weight for ECH-100 is 2 lb

### *ECM-100/200 Corner Maker*

The ECM-100 & ECM-200 are designed to maximize the amount of useable desk space at a conventional L shaped work-station. Both units come with pre-drilled mounting holes to accept most after market accessories. Every unit includes mounting hardware and various sizes of plastic spacers.

**Specifications:**

- Finished in classic Wrinkle Black powder coat.
- Overall Dimensions  
ECM-100 21"x12"x1½" thick.  
ECM-200 21"x12"x2½" thick.
- Mounting holes, spacers and hardware provided.
- Full Executech ten year warranty
- Shipping Weight: ECM-100 5lbs.  
ECM-200 6lbs.
- Sold individually

**ECM 050**

- ABS Construction
- Light Weight
- Same dimensions as the ECM-100
- Sold individually: 1 lb.

# Accessories

## ***ECH-200 Retractable In-line Copy Holder***

The ECH-200 is a sturdy steel copy holder that increases productivity dramatically while providing the most ergonomic, highly adjustable copy holder made. By simply moving the back support bar, you can adjust the viewing angle to six different preset angles or fold the unit down flat to slide in out of the way. The copy holder is now completely out of your way yet ready for instant access when needed.

### Specifications:

- Finished in bright, tuff Natural powder coat.
- Model ECH-200 has a usable area is 15" wide x 10.5" high
- Support Lip is a full 1.25"
- The sliding ruler also hinges to allow large reams of paper to be loaded onto the tray up to 1" thick.
- Comes packaged individually in a fully UPS rated box
- Full Executech ten year warranty.
- Shipping weight for ECH-200 is 12 lbs.

## ***EFR-100/200 Adjustable Footrest***

### Specifications:

- Durable, high strength structural foam top with a generous 11½" x 14¾" foot platform.
- EFR-100 dynamically adjusts with heel or toe from ¾" to 2½"
- EFR-200 dynamically adjusts with heel or toe from 3" to 5"
- No assembly required.
- Increase circulation to keep your feet from falling asleep, perfect for home or office.
- Full ten year warranty.
- Master carton contains 5 units.
- Shipping weight 27 lbs

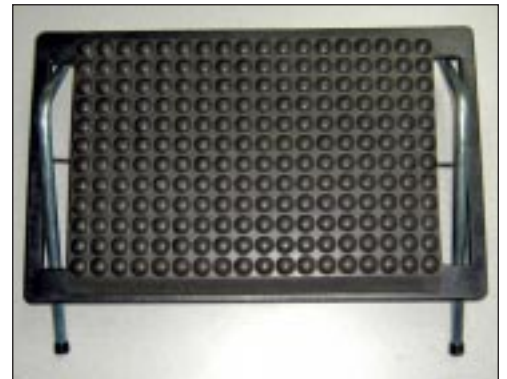

## ***EFR-101/201 Deluxe Anti-Fatigue Footrest***

The footrest underneath is the same durable Executech Footrest. The added anti-fatigue pad on top is the outstanding Ergomat solid polyurethane ergonomic workplace mat. Thanks to the design of their contoured surface, there is a reduction of risk of cramp and other circulatory problems. Other advantages are increased non-slip safety, shock absorbency, and increased productivity.

### Specifications:

- Frame is finished in classic plated process
- Full Executech ten year warranty
- Shipping weight is 8 lbs.
- Master Carton contains 5 units

## Accessories

### ERP-300 Executech Reverse Angle Palm Rest

- Helps keep wrists in a neutral position.
- 17" long, elevating the front of the keyboard 1"
- A 3" wide, soft gel palm rest provides a comfortable feel.
- Use hot or cold
- Master box contains 10 units. Shipping weight 12 lbs

### EWP-2000 Series Wrist Pillows

Executech has developed a new budget version of the popular Pillows 96. This gives users another colour choice (black) and a softer, more flexible feel. The units can still be used hot or cold but will not retain their temperature for nearly as long as the premier series. Another innovation is the ability to remove the fleece cover to allow for easy cleaning.

### EWP-2010 Keyboard Wrist Pillow

- 17"x3"x1" thick, packaged in cases of 10
- Comfortable fleece top
- Standard colour is black.
- Shipping weight is 15 lbs./case

### EWP-2030 Mouse Pillow

- Pillow is easily removable to heat or cool thousands of cycles.
- Pillow is convenient 7"x3"x1"
- Shipping weight is 8lbs. Master carton contains 10 units.

### EKP-100/050 Executech Key Pad Cover

Now you can fit the keyboard and mouse combination in a 24" opening. With the Key Pad cover you can use your mouse at the best ergonomic position with no stretching.

- Overall dimensions 9½"x8"x2½"
- Finished in a strong textured black powder coat.
- Works with the Microsoft Natural Keyboard.
- Cut out for keyboard cable
- Master Carton contains 5 units.
- Model #'s when ordering: EKP-100 - steel  
EKP-050 - plexi

### ETV-100 Ergonomic Training Video

This training system is the foundation of a company ergonomic training program. It consists of a 14 minute video and a companion workbook. Together, this system will help establish healthy work habits for employees. The video has been enhanced with computer graphics and animation to make it interesting and informative.

#### Specifications:

- Information on five interactive work surfaces.
- Health assessment guide.
- Establishing company ergonomic training.
- Risk reducing exercises.
- Retrofitting existing furniture.
- Daily ergonomic checklist.
- Organizing the desktop.
